What is the Family Self-Sufficiency Program (FSS)?

The Family Self-Sufficiency Program, or FSS as it is frequently called, is a work and savings program for families with Housing Choice Vouchers (HCV).

Working together as a team we set goals to help you increase your economic self-sufficiency through work and savings.

The FSS can help you identifying your goals and create steps to reach them. FSS can be just the ticket you need to become self-sufficient!

Call us today at
(540) 437 – 9545.

HRHA FSS PROGRAM HOW IT WORKS?

What are the program benefits?

The FSS team works with you and your family to develop work and educational goals. The head of family signs a five-year contract of participation. Your contract lists the goals that you and your family work towards while in the program. The FSS team offers support and encouragement to you while you work on completing your plan. To successfully complete your plan, the family must stay employed and be off Temporarily Aid Needy Families (TANF) for 12 months, by the end of contract.

The FSS program also has a savings account (Escrow) that allows you to save money for the future. To help you build your escrow account and reach your goals, we provide services to help with job searches, access job training, and employment opportunities.

When graduating from the program you may use your escrow to buy a house or car, pay off bills, or start a savings account.

We offer one-on-one help with finding and accessing supportive services in the community including: childcare, transportation, credit and money counseling, and educational programs.

START MAKING YOUR DREAMS COME TRUE!

Over the years, many successful families have completed and graduated from the program.. With their escrow savings, graduates have bought a house or car, paid off debts, and/or opened a savings account.

Call us today to register for the program!

If you have a Housing Choice Voucher (HCV) and would like to be in the FSS Program, call (540) 437-9545 today.

**This is your opportunity
to save for the future!**

One FSS Graduate completed the program with over \$20,000 in their escrow account and you can too!
