Executive Director, HRHA

Harrisonburg Redevelopment and Housing Authority Project Based Voucher Program

Request for Proposals

Harrisonburg Redevelopment and Housing Authority (HRHA) is accepting proposals from qualified, responsible owner/developers (Proposer) to provide affordable, permanent new construction housing for families within the City of Harrisonburg. New construction is defined as housing that does not exist at the time of proposal selection. HRHA encourages property owners and developers to make rental housing available to lower income households at affordable rents that are consistent with HUD Fair Market Rents (FMR). Developers must be licensed to do business in the City of Harrisonburg and the Commonwealth of Virginia.

In accordance with HRHA's agency plan and the Housing Choice Voucher (HCV) administrative plan, HRHA anticipates awarding a maximum of 15 Project-Based Vouchers (PBVs) under this RFP. These vouchers may involve awards to one or more Proposers.

HRHA does business in accordance with the Federal Fair Housing Law and the Section 504 program accessibility requirements. HRHA complies with the Fair Housing Act and provides reasonable accommodations and modifications to persons with disabilities. HRHA does not discriminate against individuals because of race, color, religion, sex, disability, familial status, national origin, sexual orientation, or gender identity in admission or access to its programs. Small businesses and businesses owned by women and/or minorities are encouraged to apply.

HRHA is a public housing authority created pursuant to the Commonwealth of Virginia statutes. HRHA owns and manages public and affordable housing communities within the City of Harrisonburg. HRHA administers a Housing Choice Voucher (HCV) Program. HRHA is allocated 956 Housing Vouchers.

Program Information

HUD allows Public Housing Authorities (PHAs) to use up to 20 percent of HCV program funds to provide project-based assistance.

Under the PBV program, HRHA enters into an assistance contract with the owner for specified rental units, for a specified term (up to 15 years), subject to funding availability. Assistance or subsidy is provided for units that meet the program standards. To fill vacant project-based units, HRHA refers families from its waiting list to the project owner. HRHA subsidy standards determine the appropriate unit size for the family size and composition.

Housing units and/or projects that are not eligible for PBV assistance include:

- Shared housing;
- Units on the grounds of penal, reformatory, medical, mental, or similar public or private institutions;
- Nursing homes or facilities providing continuous psychiatric, medical, nursing services, board and care, or intermediate care (assistance may be approved for a dwelling unit in an assisted living facility that provides home health care services such as nursing and therapy for residents of the housing);
- Units owned or controlled by an educational institution or its affiliate and designed for occupancy by students of the institution;
- Manufactured homes;
- Cooperative housing;
- Transitional housing;
- High-rise elevator projects for families with children;
- Owner-occupied housing;
- Units occupied by an ineligible family; and
- Subsidized housing types determined ineligible in accordance with HUD regulations.

Sites selected for PBV assistance must be:

- consistent with the goal of de-concentrating poverty and expanding housing and economic opportunities;
- compliant with the applicable laws regarding non-discrimination and accessibility requirements;
- compliant with Housing Quality Standards (HQS) site standards;
- compliant with HUD regulations for site and neighborhood standards; and
- compliant with local city zoning requirements.

1 24 CRF Part 983, Project Based Voucher (PBV) Program, specifies that buildings containing more than four units are subject to 25%-unit limitation on the number that can have project-based assistance. Developments that will serve the elderly, or disabled, or provide supportive services are exempt from the limitation.

Proposer must provide proof of clear ownership to the site. All required land use approvals must be obtained. Any award of vouchers is contingent on receiving all required land use approvals.

New construction must:

- meet the applicable requirements of the HUD PBV and HCV program regulations;
- meet the Housing Quality Standards (HQS);
- comply with design and construction requirements of the Fair Housing Amendments Act of 1988, implement regulations at 24 CFR 100.205, as applicable and accessibility requirements of section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and implement regulations at 24 CFR part 8.

Proposed sites will be visited by HRHA to ensure that construction activities have not been initiated prior to the award of any PBV vouchers and the signing of the Agreement to enter into a Housing Assistance Payments Contract (AHAP). Activities under the PBV program are subject to HUD environmental regulations and may be subject to review under the National Environmental Policy Act by local authorities. New construction of nine or more units will involve application of the federal Davis-Bacon construction wage guidelines.

The owner and owner's contractors and subcontractors must comply with all applicable state and federal labor regulations laws and regulations, federal equal employment opportunity requirements, and HUD's implementing regulations. (CFR 24 Part 983).

Prior to the execution (AHAP), new construction must complete required environmental and subsidy layering reviews for approval by HUD.

An environmental review must be completed by a HUD-designated responsible entity unless excluded from the review by the National Environmental Policy Act (NEPA).

The subsidy layering review prevents excessive public housing assistance by combining (layering) housing assistance subsidy under the PBV program with other governmental housing assistance from federal, state, or local agencies, including assistance such as tax concessions or tax credits.

In the AHAP, the owner agrees to develop the contract units and HRHA agrees that, upon timely completion of such development in accordance with the terms of the AHAP and after inspection according to HQS, HRHA will enter into a HAP contract with the owner within ten (10) business days. The AHAP terms include the estimated initial rents to the owner for the contract units. The amount of rent to owner is determined in accordance with HUD regulations. Except for certain tax credit units, the rent to owner must not exceed the lowest of:

- an amount determined by HRHA, not to exceed the approved Payment Standard for the unit bedroom size minus any utility allowance;
- the reasonable rent; or
- the rent requested by the owner.

Other content requirements of the AHAP Contract are identified in 24-CFR 983.152, Purpose and Content of the Agreement to enter into HAP contract.

HRHA has no responsibility or liability to the owner or any other person for the family’s behavior or suitability for tenancy. The owner is responsible for screening and selection of the family referred by HRHA to occupy the owner’s unit based on their tenancy histories. HRHA screens families for their eligibility to receive the voucher assistance, and the owner screens the family for their suitability to enter into a lease agreement. At least seventy-five percent (75%) of the families approved for tenancy shall be families whose annual income does not exceed thirty percent (30%) of the median income for this area as determined by HUD and as adjusted by family size.

During the course of the tenant’s lease the owner may not terminate the lease without good cause. “Good cause” does not include a business or economic reason or desire to use the unit for an individual family or non-residential rental purpose. Upon expiration of the lease the owner may renew the lease, refuse to renew the lease for good cause, or refuse to renew the lease without good cause.

The 2022 HUD Fair Market Rent and HRHA ’s Payment Standard is below.

Payment Standard Effective 01/01/2022		
Bedroom size	HUD Fair Market Rent	HRHA Payment Standard
1BR	\$723	\$795
2BR	\$951	\$1,046
3BR	\$1,246	\$1,370

All rental amounts under the PBV program must include the cost of monthly utilities paid by the tenant. HRHA ’s current utility allowance schedule is below.

All Unit Types						
Utility or Service	0 BR	1 BR	2 BR	3 BR	4 BR	5 BR
Power/Heat (Heating, Cooking, Electric, Cooling, Water Heating)	59	68	96	114	148	169
