## **Requested Waiver and Explanation**

Total tenant payment request is **35 percent of household income using flexibilities under 1s and 1w**, which is outside the Safe Harbor maximum of 32 percent. Hardship policy is in place for households who face rent burden. Applies to all non-elderly non-disabled households.

HRHA believes this total package of changes is necessary to achieve maximum staff efficiency and cost effectiveness under MTW flexibilities. The combination of changes encourages employment and self-sufficiency without significantly increasing overall costs for households. These simplifications make rent calculations more understandable for tenants. The changes save tenants' time and in many cases lower costs. Decreased staff paperwork allows more time to work with tenants, explore new projects, or participate in training in possible new areas or expanded services. Simplified paperwork also benefits landlords by determining household eligibility more quickly.
