**INDEPENDENT AUDITORS' REPORT**

The Board of Commissioners  
Harrisonburg Redevelopment  
and Housing Authority  
Harrisonburg, Virginia

**Opinions**

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the Harrisonburg Redevelopment and Housing Authority as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the Harrisonburg Redevelopment and Housing Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Harrisonburg Redevelopment and Housing Authority, as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Harrisonburg Redevelopment and Housing Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Harrisonburg Redevelopment and Housing Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## INDEPENDENT AUDITORS' REPORT (CONTINUED)

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Harrisonburg Redevelopment and Housing Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Harrisonburg Redevelopment and Housing Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 4 through 9 be presented to supplement the basic financial statements.

**INDEPENDENT AUDITORS' REPORT  
(CONTINUED)**

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Authority's basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards, Financial Data Schedule, and other supplementary information as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the U.S. Department of Housing and Urban Development, are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 4, 2024, on our consideration of the Harrisonburg Redevelopment and Housing Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Harrisonburg Redevelopment and Housing Authority's internal control over financial reporting and compliance.

#### **Financial Highlights**

- The assets of the Authority exceeded its liabilities by \$7M.

- The Authority's net position increased by 1%.
- The revenue income increased by 14%.
- The expenses of the Authority increased by 5%.

Our analysis begins by determining if the Authority is financially better or worse off as a result of this year's activities. We believe that improvements made through purchasing and renovating our assets and the overall operations of the Authority in general do show that we are better off than we were a year ago. However, with the uncertainty of federal support from HUD for the Housing Choice Voucher Program, it continues to be a challenge to manage the program with the necessary staff the appropriate financial support.

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Enterprise Fund – In accordance with the Enterprise Fund Method, activity is recorded using the accrual basis of accounting and the measurement focus is on the flow of economic resources. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. This required the Housing Authority to account for operations in a manner similar to private business or where the Board has decided that the determination of revenues earned, costs incurred and/or net income necessary for management accountability.

Enterprise funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of all the Authority's enterprise funds are governmental grants used for maintaining and operating low income housing assistance programs. Operating expenses for these enterprise funds include administrative expenses, utilities and maintenance of housing units and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## NOTE 16: COVID-19

On March 11, 2020, the World Health Organization declared the outbreak of COVID-19, a novel strain of Coronavirus, a pandemic. The coronavirus outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of the outbreak on our operational and financial performance will depend on certain developments, including the duration and spread of the outbreak, impact to the Authority, and governmental, regulatory and private sector responses. The financial statements do not reflect any adjustments as a result of the subsequent increase in economic uncertainty.

On March 27, 2020, Congress passed the Coronavirus Aid, Relief and Economic Security Act (CARES Act) in response to the COVID-19 Pandemic. The CARES Act provided additional funding for the Public Housing, Mod Rehab, Mainstream Voucher, and Housing Choice Voucher programs to “prevent, prepare for, and respond to coronavirus, including to provide additional funds for public housing agencies to maintain normal operations and take other necessary actions during the period that the program is impacted by coronavirus.”

HARRISONBURG REDEVELOPMENT AND HOUSING AUTHORITY  
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
FOR THE YEAR ENDED DECEMBER 31, 2022

Note 1: Basis of Accounting

The accompanying Schedule of Financial Assistance is prepared on the accrual basis of accounting. The information on this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of the Authority, it is not intended to and does not present the financial position, changes in net position, or cash flows of the Authority.

Note 2: Major Programs

The (\*) to the right of a assistance listing number (ALN) identifies the grant as a major federal program as defined by the Uniform Guidance.

Note 3: Award Balance

On the Mainstream Vouchers and Moving to Work programs, the Authority receives annual funds based on an annual estimate of need. Unexpended grant funds are available to meet subsequent year HAP shortfalls.

Note 4: Program Costs

The amounts shown as current year expenditures represent only the federal portion of the actual program costs. Actual program costs, including the housing Authority's portion, may be more than shown.

Note 5: Indirect Cost Allocation

The Authority has not elected to use the 10-percent de minimus indirect cost rate as allowed under Uniform Guidance.

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Harrisonburg Redevelopment and Housing Authority's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Harrisonburg Redevelopment and Housing Authority's major federal programs for the year ended December 31, 2022. Harrisonburg Redevelopment and Housing Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Harrisonburg Redevelopment and Housing Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Harrisonburg Redevelopment and Housing Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Harrisonburg Redevelopment and Housing Authority's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Harrisonburg Redevelopment and Housing Authority' federal programs.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE  
(CONTINUED)**

***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Harrisonburg Redevelopment and Housing Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Harrisonburg Redevelopment and Housing Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Harrisonburg Redevelopment and Housing Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Harrisonburg Redevelopment and Housing Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Harrisonburg Redevelopment and Housing Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Other Matters**

The results of our auditing procedures disclosed an instance of noncompliance or other matter that is required to be reported in accordance with Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2022-002. Our opinion on each major federal program is not modified with respect to this matter.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE  
(CONTINUED)**

**HRHA Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Harrisonburg Redevelopment and Housing Authority's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The Harrisonburg Redevelopment and Housing Authority's response was not subjected to other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Report on Internal Control over Compliance**

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

Board of Commissioners  
Harrisonburg Redevelopment  
and Housing Authority  
Harrisonburg, Virginia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the aggregate discretely presented component units of Harrisonburg Redevelopment and Housing Authority, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise Harrisonburg Redevelopment and Housing Authority's basic financial statements, and have issued our report thereon dated March 18, 2024.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Harrisonburg Redevelopment and Housing Authority's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Harrisonburg Redevelopment and Housing Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of Harrisonburg Redevelopment and Housing Authority's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We identified certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as item 2022-001, that we consider to be significant deficiencies.

FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Harrisonburg Redevelopment and Housing Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as item 2022-002.

**HRHA Response to Findings**

*Government Auditing Standards* requires the auditor to perform limited procedures on the Harrisonburg Redevelopment and Housing Authority's response to the finding identified in our audit and described in the accompanying schedule of findings and questioned costs. The Harrisonburg Redevelopment and Housing Authority's response was not subjected to other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Harrisonburg Redevelopment and Housing Authority's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Criteria:**

All entities receiving Federal funding in excess of \$750,000 must submit all required data elements required by the Office of Management and Budget (OMB) to the Federal Audit Clearinghouse by no later than nine months following the entity's year end.

**Cause:**

The Authority implemented a new accounting system with an industry leading software provider and the provider incorrectly implemented the system for several program ledgers.
